

December 17, 2013

Hawaii Dairy Farms LLC  
737 Bishop St Ste 2360  
Honolulu, HI 96813

Dear Hawaii Dairy Farms LLC:

We approved your conservation plan for the **TMK: (4)2-9-003:001 portion (approx 581.5 acre)** at the West Kauai Soil and Water Conservation District Board meeting on December 17, 2013. Your copy of the conservation plan will be sent to you by the NRCS. Please notify us if the TMK # shown in this letter is incorrect or if you notice any other errors that need to be corrected. By completing a conservation plan, you are demonstrating a commitment to soil and water conservation, and we appreciate that.

In issuing this conservation plan, the West Kauai Soil & Water Conservation District relied on the information and data which you provided to us. If, subsequent to the issuance of this approved conservation plan, such information and data prove to be false, incomplete or inaccurate, this approval may be modified, suspended or revoked, in whole or in part. Before you do anything to your property that is not included in your plan, it is to your advantage to notify us. We can assist you in revising your conservation plan.

It is your responsibility to make sure that no historic sites are damaged by your activities. Your NRCS soil conservationist can advise you when a historic preservation review is required, if you are applying for federal assistance programs. In the event any unanticipated sites or remains such as shell, bone or charcoal deposits, human burials, rock or coral alignments, pavings or walls are encountered, you and/or your contractors shall stop work and contact the State Historic Preservation Division (SHPD) immediately by calling 808-692-8015.

This conservation plan does not supersede any Kauai County, State and Federal ordinances or regulations. It is your responsibility to obtain any required permits, and to comply with any zoning requirements. If you are applying for an agricultural exemption to Kauai County's Sediment and Erosion Control Ordinance, obtain an application form from Kauai County Department of Public Works. Note that if your plan proposes to use the land in the same way as it has been used in the past (limited to the same acreage, depth of tilling, and proposed use types), the agricultural exemption does not require a SHPD review of your plan. Implementation of conservation practices scheduled in your plan may require additional engineering design and specifications. This assistance can be provided by the USDA-NRCS office or by a private consultant.

We wish you success in your agricultural endeavors! If you have any questions, please contact the West Kauai District office at 245-6513, ext. 117.

Sincerely,

A handwritten signature in blue ink that reads "Peter Tausend". The signature is fluid and cursive, with the first name "Peter" and last name "Tausend" clearly distinguishable.

Peter Tausend, Chairman  
West Kauai SWCD
